

When You Give More, We Give More

Your donations allow us to give directly to the people in our community who need it most. In 2017, the largest amount of donations were given to provide youth and family memberships, allowing people to join the Y who could not otherwise do so. The Annual Campaign also helped children participate in youth programs, from tumbling to swimming lessons to basketball. Adults and seniors also qualified for financial aid. Every dollar given is invested in our greatest commodity: people.
